Description

DESCRIPTION
The H.C.B-A1989 BMW (B38/ B48) Crankshaft Holding Tool is a specialized tool used for holding the crankshaft in place during engine repair or maintenance. It is designed for use on BMW B38 and B48 engines. The tool features a robust metal construction with a circular end for securing the crankshaft and a threaded section for attaching a strap or chain. It is a essential tool for any BMW B38/B48 engine repair kit.
