Description

DESCRIPTION
The H.C.B-A6059 Porsche 996/997 Camshaft Timing Adjusting Device is a specialized tool used for adjusting the timing of the camshafts in Porsche 996 and 997 models. It consists of two black plastic components with white rectangular openings, designed to fit over the camshaft and valve mechanism. The tool is used to ensure the camshaft is in the correct position for proper valve timing adjustment.
