Description

Product Description:
The H.C.B-L1026 Crankshaft Trigger Wheel Installer is a specialized tool designed for the installation of the crankshaft position sensor ring on Land Rover vehicles. It consists of two circular trigger wheels and two bolts with washers. The trigger wheels are made of high-quality steel and are precision-machined to ensure accurate timing. The bolts are made of stainless steel and are designed to secure the trigger wheels to the crankshaft. The installer is compatible with Land Rover Discovery 3 and 4, and Range Rover Sport when fitted with a TDV6 engine (3 Powertrain).

Product Features:
- Made of high-quality steel
- Precision-machined for accurate timing
- Compatible with Land Rover Discovery 3 and 4, and Range Rover Sport (TDV6 engine)
- Includes two trigger wheels and two bolts with washers
- Easy to use and install
